

TUM Graduate Council

Your Doctoral Representatives

Your Doctoral Representatives

elected annually by the doctoral students of our department

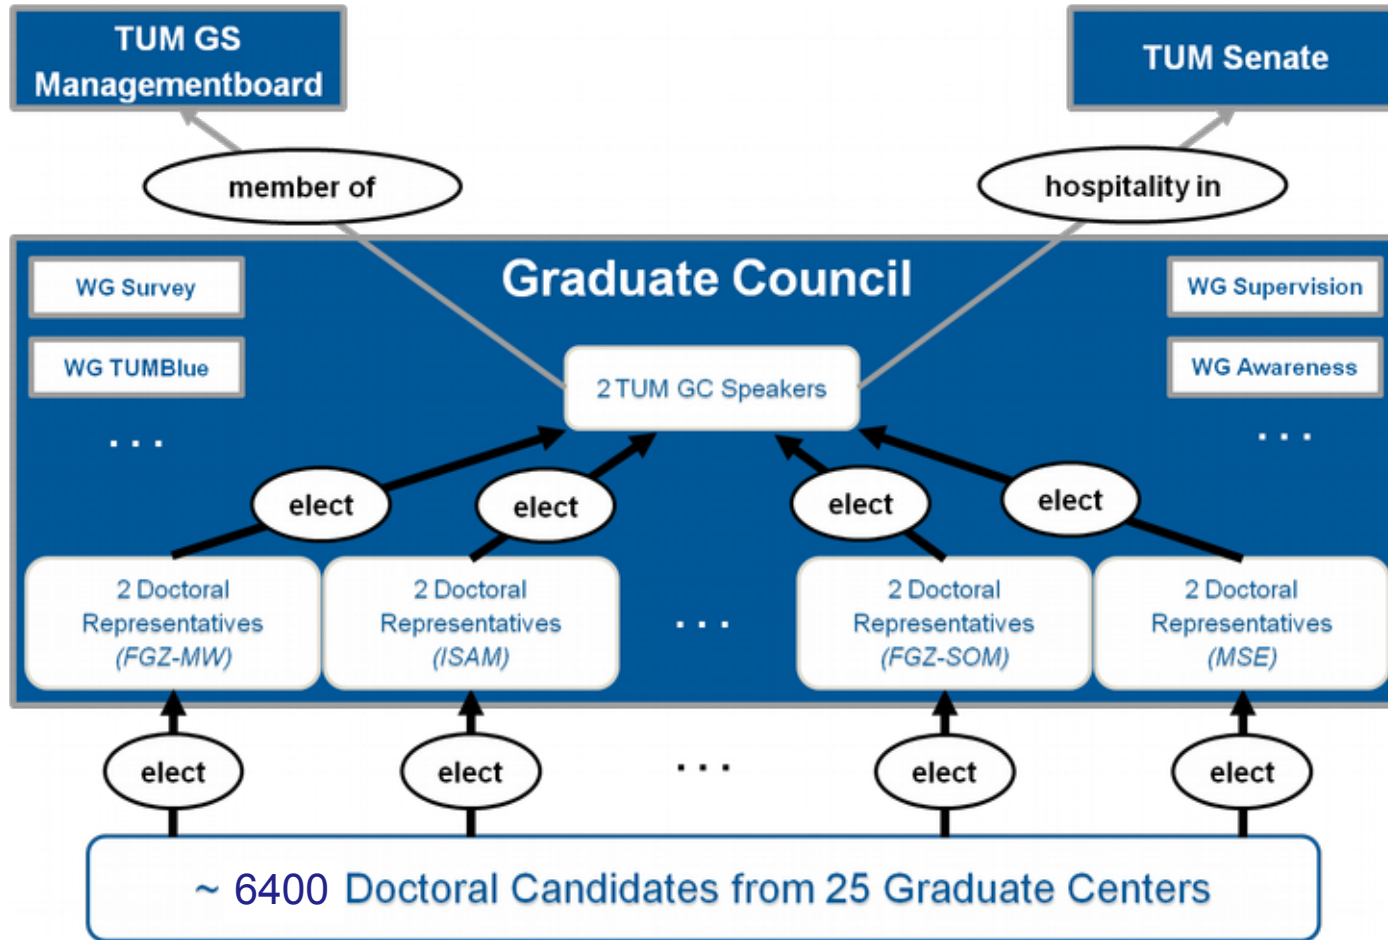

Franziska Löhner
Chair for Functional Materials
franziska.loehrer@ph.tum.de

Sindre W. Haugland
Chair for Nonequilibrium Chemical Physics
sindre_w_haugland@mytum.de

TUM Graduate Council (GC)

Objectives of the GC

1. Exchange and networking

- PhD courses at EuroTech and GlobalTech universities
- Interdisciplinary communication at TUM

2. Representation in university politics

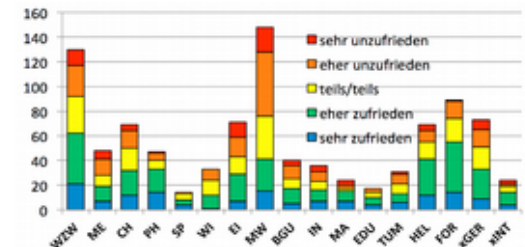

- Representation in TUM Senate, GS executive board
- Development of official position papers

3. Support and help

- Surveys among doctoral candidates on their current situation
- Supervisory Award (meet the Physics winners on July 11th)

4. Organization of social events

- TUMBlue (once a year in summer)
- Doktoranden-Stammtische (about every 2 months)

I want to participate – what can I do?

1. Become a Doctoral Representative

- Elections are in six month...
- ...and we are both looking for successors.

2. Visit our „Doktorandenstammtisch“

- Get to know your fellow PhD candidates...
- ...and find out what your research group can learn from other groups.

3. Visit the Graduate Council meetings

- The meetings are open to the public...
- ...and take place in Garching about every second time.

4. Just talk to us

- You know our e-mail address...
- ...and the GC homepage: gc.gs.tum.de
