

Münchner Physik- Kolloquium

Sommer
2018

Topological photonics

Prof. Dr. Alexander Szameit, *Universität Rostock*

Monday, 7 May 2018, 17:15 h

Hörsaal 2, Physik-Department der TUM, Garching

The recent experiments on photonic topological insulators signified a new direction. We present the progress in this area, including also the first observation of topological Anderson insulators, with an emphasis on universal ideas common to optics, cold atoms and quantum systems.

Student event: Meet the speaker

We invite you to a **student-only** discussion-round with Prof. Dr. Alexander Szameit before his Munich Physics Colloquium talk.

Be curious and feel free to ask any question.

Monday, 7 May 2018, 16:00 h

Seminar room PH 3076 (upper floor), Physik-Department der TUM, James-Franck-Straße 1, Garching
